

REMARKS

Applicant acknowledges that claims 37-49 have been renumbered as 35-47. The listing of claims beginning on page 2 of this Response, reflects the renumbering of those claims. Claims previously depending from originally-numbered claim 38 were amended to depend from re-numbered claim 36.

Claims 1-25 were rejected under 35 U.S.C. §112, second paragraph, as being indefinite. Claims 1 and 12 were cited as lacking sufficient antecedent basis. Claim 1 has been amended to recite “an inner circumferential chamber”, and claim 12 has been amended to recite “an acceleration chamber”. No new matter has been entered. Applicant respectfully submits that claims 1-25 are in compliance with 35 U.S.C. §112, second paragraph.

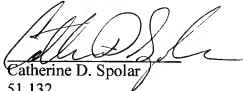

Claims 1-47 were provisionally rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-20 of co-pending Application No. 11/184,747. A Terminal Disclaimer in compliance with 37 CFR 1.321(c) is filed herewith to overcome the provisional rejection of claims 1-47.

Accordingly, all of the claims remaining in this application should now be seen to be in condition for allowance. A prompt notice to that effect is respectfully solicited. If there are any remaining questions, the Examiner is requested to contact the undersigned at the number listed below.

Respectfully submitted,

FAEGRE & BENSON LLP
